

Casual Physiotherapist

About The Role

Leicester City Football Club is seeking to recruit a number of casual staff to join their medical team to provide physiotherapy services during academy training sessions and games.

The successful candidates will be responsible for the provision of physiotherapy and emergency aid cover to the academy on a casual basis. Main duties of the role include:

- To provide medical cover at games, give immediate attention to injured players and ensure that coaching staff are made aware of all injuries sustained.
- To communicate and liaise with full-time Physiotherapists regarding the medical management of academy players
- To carry out rehabilitation with academy players under the directives of full-time academy physiotherapy staff.
- To ensure that appropriate and comprehensive medical notes are completed on the PMA within 24 hours of the injury occurring

Who we are looking for

The successful candidate will have experience in a similar role within an elite paediatric sporting environment. You will be an excellent communicator with excellent accuracy and attention to detail.

Essential Requirements:

- Chartered Physiotherapist (HCPC and Csp registered)
- FA Level 4 Intermediate Trauma Medical Management in Football (ITMMiF)
- FA Safeguarding Certificate
- FA CRB
- Ability to travel across multiple sites and locations
- Experience of working as a Physiotherapist within an academy football environment

About The Club

Knowing some of the history of Leicester City Football Club helps you appreciate the sense of community, spirit and family for which the Foxes are renowned for.

Formed in 1884, the Club has been in the Premier League since 2014 when the Foxes were promoted as Championship winners. In 2016, Leicester City became Premier League champions. This remarkable achievement qualified them for the UEFA Champions League for the first time in the Club's history, and the Foxes went on to reach the quarter finals of the competition. The Club continues to build on that success, and celebrated lifting the prestigious FA Cup in May 2021.

Under the stewardship of King Power and the Club's CEO Susan Whelan, Leicester City Football Club is deeply committed to the local community and its supporters and continually strives to ensure that every point of engagement with fans is truly world class including the experience on matchdays. Meanwhile, investment in the Club continues, with the 2021 opening of a new state-of-the-art Training Ground in north Leicestershire.

Benefits Package

Leicester City Football Club offers a competitive salary and pension scheme with life assurance to all its permanent employees. Employees are able to benefit from free onsite parking as well

as an onsite subsidised staff restaurant. Employees also benefit from up to 33 days' annual leave including bank holidays.

Contract Type – Casual

Hours Per Week – Variable

Leicester City Football Club is an equal opportunities employer and we positively welcome applications from all candidates regardless of age, disability, gender identity or expression, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

Leicester City Football Club is committed to safeguarding and promoting the welfare of children and young people and expects all staff to share this commitment. As such, you may be subject to a satisfactory enhanced disclosure via the Disclosure & Barring Service and prior to taking up any role.

Suitable candidates will be interviewed as and when they apply, the role will be closed as soon as a suitable candidate has been sourced.

If you feel you have the qualities and experience we are looking for please apply by sending an application form, along with a covering letter, by email to recruitment@lfc.co.uk. To progress your application, candidates must also complete an **Equality Monitoring Form**; this will be treated in confidence to your application and will aid LCFC in our obligations and commitments to support diversity and inclusion.

A detailed job description can be found **here**.
