

Job Description and Person Specification

Position Details

Position: First Team Physiotherapist	Department: Sports Science and Medicine	Reporting to: Head of Rehabilitation
Salary: DoE	Contract: Permanent	Hours per week: 37.5

Overall Objective: To provide an elite Physiotherapy service.

Job Description	Person Specification
-----------------	----------------------

Main Objectives

- To deliver an elite physiotherapy service to First Team Players and Staff.
- To provide manual therapy, acupuncture, and soft tissue-based treatments to First Team players as appropriate.
- To formulate, deliver and review rehabilitation and reconditioning programmes utilising appropriate evidence and criteria-based strategies.
- To assist Head of Rehabilitation with the day-to-day delivery and strategic planning of an elite Sports Science and Medicine service.
- To actively contribute to the creation of a high-performance environment by ensuring all duties are completed with pride, consistency and to the best of your ability.

Summary of Duties

- To provide an elite and evidence-based Physiotherapy service to First Team Players and Staff while demonstrating high professional standards.
- Assist in the assessment and diagnosis of injury, along with the formulation of appropriate goal orientated treatment, rehabilitation, and management plans.
- To provide manual therapy, acupuncture, and soft tissue-based treatments to the First Team players as appropriate.
- To design, implement and review evidence and criteria-based rehabilitation procedures, protocols and techniques.
- To assist in provision of a thorough routine medical and neuromusculoskeletal screening process. This will include appropriate report generation and referral and the formulation and delivery of

Education

- BSc (Hons) Physiotherapy or equivalent or higher qualification.
- Full membership to the Chartered Society of Physiotherapy.
- Registered with the Health and Care Professions Council.
- Relevant post-graduate CPD Portfolio.
- Intermediate Trauma Medical Management in Football qualification or equivalent or higher.

Experience

- Previous experience of providing physiotherapy in an elite sport environment.
- Knowledge and understanding of company and governing body policies, procedures and regulations relating to your role.

Skills

- Excellent clinical assessment and treatment skills and a sound understanding of the rehabilitation and reconditioning process, including the ability to apply a wide range of reasoned techniques and methods.
- Excellent communication skills with an ability to liaise with players, coaches, management, medical staff and any such individuals in a personable and professional manner.
- Excellent organisational, logistical and time management skills with ability to meet stringent deadlines.
- An ability to work within the scope of your practice while recognising the need to refer for further investigation or specialist input.

Personal Qualities

- An ability to work in a high-pressured environment with a flexible approach, to dedicate time to the programme as the schedule determines.
- A strong 'can do' attitude
