Therapist Internship

Open to all Sports Therapy, Sports Rehabilitation and Physiotherapy students or graduates

Availability required Tuesday and Thursday mornings and optional at weekends.

Successful applicants will join a growing Sports Medicine and Science team to provide medical treatment for training sessions and on matchdays.

KEY RESPONSIBILITIES

• Work with first team medical and sports science staff to provide appropriate treatment and rehabilitation plans of all players.

• Keep accurate and up-to-date records of all injuries sustained by registered/trialist players as well as all treatment, prevention and rehabilitation sessions and record them on the club medical database

• Take part in CPD sessions with the team

• Other appropriate duties as required by the First Team Management team.

Desirable attributes and experience:

• Willing to be part of an inter-disciplinary sports science and medical team

• Excellent interpersonal skills

• A consistent team performer

• Ability to prioritise workload

• Ability to travel independently

• Strong IT skills

• Excellent organisational qualities
