

Casual Academy Sports Therapist, Physiotherapist & Sports Rehabilitators – Stevenage FC

Stevenage FC is looking to appoint a both part time and casual Academy sports therapist and physiotherapist to deliver medical care to all academy players (U8 – U16). The successful candidate will work closely with the Head of Academy Sports Medicine and be a valued member of the Medical Team and will ensure that all aspects of the EPPP (Elite Player Performance Plan) are met. You will become an integral part of the Academy Management Team which also consists of Football Coaches, Strength and Conditioning Staff, Sports Science, Medical and Analysis Staff. Candidates must be flexible and be willing to work flexible hours associated with the job. You should be competent in IT and be an excellent communicator. The successful candidate will have to manage their own case load and implement injury screening and prevention plans as well as diagnosing and treating injuries. You will be available to work evenings and weekends to cover training sessions, matchday fixtures and other adhoc events.

Duties

Assessment, investigation and management of Injuries and Illnesses
Prescribe and implement treatment and rehab plans under guidance of Head of Medical
Take part in in daily meetings between medical and coaching staff
Carry out injury prevention strategies or all players
Provide pitch side for training and matches (home and away) as and when required
Document and ensure up to date medical records are maintained
Assist medical team with admin obligations and injury audits
Carry out any duties as and when required
To coordinate with Players, Parents, Academy Manager and age group coach regarding players need during and throughout the injury period including rehabilitation
Research injuries and stay abreast with the latest developments in research and treatment. Continued professional development and reading around the area is essential.

Essential Criteria

Sports Therapy Degree
Physiotherapist Degree with HCPC

Desirable Criteria

Experience of working in Professional Football
Experience of working pitch side
Experience of using PMA
FA Safeguarding children
Full UK Driving Licence
FA Medical Qualification: EFAIF, ITMIFF, ATMMIF

To apply please send a CV and a covering letter to Matteo Brunelli (matteob@stevenagefc.com).

Stevenage FC is committed to safeguarding children and young people and is an equal opportunities employer and welcomes applications from all sections of the community. Successful applicants will be subject to an Enhanced Criminal Record Check (DBS).

Sports Therapist & Physiotherapist (Part-Time)

Job Description

Job Title	Sports Therapist / Physiotherapist
Department	Academy
Reports To	Academy Manager
Direct Reports	Head of Sports Science and Medicine
Key Contacts	Internal – Academy Players, Academy Manager, Lead Academy Coaching Staff, Part Time Coaching Staff, Lead Academy Physio, Lead S&C Coach, Head of Academy Recruitment, Academy Operations Manager External – Opposition Club Coaches, Parents
Budgetary Responsibilities	None
Location	Based at Shephalbury Sports Academy, Broadhall Way, Stevenage, Hertfordshire SG2 8NP
Hours	Min 8 hours per week
Job Purpose	The purpose of your role is a vital one in the academy. You will be required to deal with various injuries and illnesses that occur during training and match days. You will need to monitor these injuries and communicate with players, parents, coaches and academy manager regarding the injury and the rehabilitation process following this. Our aim is to reduce the number of injuries we see during team training and match days. Along with senior staff you will be required to be a first port of call for emergency first aid.
Remuneration	Dependent on qualifications

Role Responsibilities & Key Duties	
1	Assessment and management of injuries and illnesses to all of our Academy players.
2	To coordinate with Players, Parents, Academy Manager and age group coach regarding players need during and throughout the injury period including rehabilitation
3	To provide treatment and rehabilitation to all injured athletes
4	To keep up to date medical records via the PMA system
5	Assist in the provision of warm ups and cool downs pre/post training and match days
6	Engage in Continued Professional Development (CPD) inclusive of periodical trauma and CPD evenings
7	As appropriate, assist in the collection of the medical and sports science data collection for U9-U16 players.
8	Provision of medical cover for training and match day for U9-U16 (Home and Away fixtures).
9	Research football injuries and stay abreast with the latest developments in research and treatment. Continued professional development and reading around the area is essential.
