

Host Families Required

Stockport County FC are seeking host families who can provide accommodation for Academy players aged 16-18 years. Our ideal Host family provision will be able to offer our young players a stable, safe and comfortable family environment. We believe our players perform better on the pitch when they are settled and content at home.

At Stockport County FC we pride ourselves on a nurturing environment and we want our players to fulfil their potential both ON and OFF the pitch.

- You will be located within a 5-mile radius of our training ground facility (SK6 1QX) or within 5 miles of our Home Ground (SK3 9DD); You should offer good quality accommodation, preferably in a family environment.
- Other requirements are the provision of a daily evening meal and occasional lunches, access to laundry facilities and WIFI.
- Full and Part time accommodation will be required over 12 months of the year to reflect the football season.
- The willingness to accommodate players on a short term basis throughout the season is also desirable.

If you think you are the kind of family who can work with us to play a key role in the development of our young players, then we would like to hear from you. You will be subject to a full enhanced DBS check, references and must be committed to completing Safeguarding Training.

Hosting a player during their career at Stockport County FC can be very rewarding, fun and educational for your own children and provides a valuable extra income for your family. To arrange an informal discussion about being a host family, the application process and rates of remuneration, please contact Adam Jones via Adam.Jones@Stockportcounty.com
